F. Additional Checks

- All 93h of courses in Sections A, B, C with C- or better
- GPA at least 2.0
- 120h required in total
- Students changing to this program who have taken Math 1613 must take Math 1013/1023, but may use Math 1613 as a science elective.
- Business courses used to fulfill the requirements in Section B are normally considered Science credits for the purpose of this degree and so cannot be used to fulfill Professional Studies requirements from Section D. However, if a student has other science electives, these may be swapped and permit some Business courses to fulfill section D requirements.
